Update: Private Consumption Events Guidance

This is an update to previously issued guidance to provide clarification. The Nevada Cannabis Compliance Board (CCB) does not pre-approve participation in private consumption events. However, the CCB does require the following information from any cannabis establishments regarding a proposed sponsorship of or participation in a private cannabis consumption event at least 30 days prior to the event:

- A detailed description and explanation of how the event will not violate any of the Nevada Cannabis Compliance Regulations or Statutes.
- A detailed description of how the event will comply with local ordinances.
- Identify the amount of cannabis that will be on site.
- If more than one ounce of cannabis will be on site, explain how the event will not exceed possession limits when preparing products.

This information must be submitted by any and all licensed establishments participating in or sponsoring the event, not the event coordinator. Information must be submitted through the Cannabis Customer Portal, Licensing Amendment Request, Advertising/Packaging Submittal Request.

All licensees are required to comply with the NCCRs and statutes. Failure to comply will result in disciplinary action.

To repeat, submittal of this information does not constitute approval, the specified information must be submitted by each establishment participating in the event. Please email auditinspections@ccb.nv.gov with any questions.
